HOME DESCRIPTION

The Poppy is a spacious open-concept home with a total of five bedrooms. When you step off the covered front porch, you will step into a long foyer leading to the vast great room, dining room, and kitchen. Buyers can also enjoy an evening hanging on their back-covered porch.

While one bedroom and full bath are downstairs, up the stairs we find three more bedrooms with another full bath that is equipped with a double vanity. Continuing on the second floor is the vast owner's suite. With tray ceilings, sinks on two separate vanities, and a long walk-in closet, this just may turn into your favorite spot in the house. Right outside this suite is the laundry room. This gives the owner's suite easy access to this space. Perfect for all families, The Poppy allows activities to be streamlined within the home and provides peaceful rest for the days when you need it.
