HOME DESCRIPTION

Space, flexibility, and a layout that works for how you live.

This 4-bedroom, 2.5-bath home is designed for both everyday comfort and entertaining. The open-concept main level connects the family room and eat-in kitchen, centered around a large island with granite countertops, stainless steel appliances, and bar seating.

A main-level flex room gives you options for a home office, guest space, or playroom.

Upstairs, the primary suite offers vaulted ceilings and a well-appointed bath with dual vanities, tiled shower, and linen storage. Three additional bedrooms, a loft, and an upstairs laundry room provide the space and functionality buyers are looking for.

Step out from the kitchen to the deck, perfect for extending your living space outdoors.

If you've been searching for a home with space, flexibility, and a strong layout, this one is worth seeing in person.
