HOME DESCRIPTION

Wildly popular Page plan now offered as the Home of the Week at it's most affordable price! Modern, contemporary style meets cozy, convenience in this incredible three-story townhome. First floor bedroom/flex is perfect for office, rec room, theater or guest suite. Wide open second floor plan is great for entertaining, not to mention, a chef's DREAM. Cool gray tones with black fixtures and Kitchen Aid appliances will have you feel like you're living in the Big City. Huge living area and separate dining area make this plan amazingly functional. And on the third floor, dueling owner's suites, both with walk in closets and en-suite baths. Oh, and love to be outdoors, but don't want to deal with the 'elements'? Enjoy the 191x12' screened in deck. Come on over, this is a must see.
