## HOME DESCRIPTION

The Chandler Craftsman by Robuck Homes is an award-winning home plan and one of the most desired plans in Baylee Ridge. The Craftsman architecture features design characteristics like shake siding, stone accents, and a metal roof that covers a fabulous rocking chair front porch all offered on just over a half acre. As you enter this home, you are greeted with a spacious foyer topped with classic crown molding. The primary suite is located on the main level and features a tray ceiling in the bedroom, a walk-in shower, a separate soaking tub, dual sinks, and a private water closet in the bathroom. The open living room, kitchen, and dining area features tall windows across the back providing lots of natural light inside and a great view of the private covered porch, a patio, and partially wooded backyard. The large kitchen island overlooks the living room and provides a great spot for family and friends to gather. This home also features a second suite with full bath on the main level that is perfect for overnight guests. The laundry room and mud room complete the 1st floor. Located upstairs there are two bedrooms, the third full bathroom, a large loft plus an adjoining bonus or movie theatre room that provides additional living space for the entire family. This home includes a 3rd-car garage with an outside service door for convenient access. Baylee Ridge is located near Flowers Plantation where there is a growing selection of shopping, dining, healthcare, and other amenities including the East Triangle YMCA and more. Photos shown are of similar homes previously built of this plan and may not reflect the finished details of this home.
