HOME DESCRIPTION

More space inside and more breathing room outside. Set on approximately half an acre in Leander Lee Preserve, this thoughtfully designed Telfair offers four spacious bedrooms, two-and-a-half bathrooms, and flexible spaces that can adapt to your needs. A private office with French doors creates a dedicated place to work or study, while the open-concept kitchen, dining area, and family room form an inviting central gathering space. Upstairs, a generous loft provides additional flexibility for a media room, game room, or second living area. Mature tree lines along the front and rear of the homesite create a peaceful natural backdrop, while the expansive yard offers room to enjoy the outdoors. A two-car garage provides convenient parking and storage. Located near downtown Lillington, Campbell University, shopping, dining, and recreation. Schedule your private tour today.
